STRIKERS RETURN TO WORK

Gain All They Ask Except the Abrogation of Contract System.

Stagnation of Business Due to the Strike Renders It Impossible for All to Secure Prices at Once.

BUFFALO, May 24.—The clouds of trouble which have hung over this city for the past few weeks were dispelled today by bright sunshine and brighter hopes for business prosperity. The dock laborers, who have waged an earnest but particularly peaceful war against their employers, having gained almost everything they demanded, swarmed along the docks today looking for work. The supply was far in excess of the demand, owing to the stagnation of traffic during the recent strike, but now that the blockade has been lifted this lack of work will soon disappear, and the almost hourly arrival of grain and package freight-laden vessels at the port will surely renew the usual busy aspect of the shipping and railroad district.

All the troubles of the strikers have been obliterated under most stringent and binding agreements and with the exception of the abrogation of the contract system they have been granted every demand they made. All along the line of docks from the Export to the Raymond elevators there gathered a crowd, all anxious to work, and as many of them as could be accommodated were immediately placed. There was no friction between the new bosses and the applicants, and those best qualified to pass upon the situation say that under the new agreement there will be very little chance of any further trouble. Grain scoopers, freight handlers, ore and coal shovellers all agreed last night to return to their respective jobs, and the marine firemen, who had struck in sympathy with the other employees, have also returned to business by going to work last evening.

The workmen who have fought so hard for remedial measures are not the only ones who feel joyful today. The carriers and contractors are equally glad, and the merchants who have suffered for some weeks from the scarcity of money in the regular interchange of business are grateful for the changed conditions.

CHARGED WITH BUNCOING.

MARYVILLE, Mo., May 24.—(Special.)—John Steffe was arrested today on complaint of John K. Routh, an aged and well-to-do farmer, who charges that he had been cheated out of \$500 yesterday. Mr. Routh alleges that he went to the office of George W. Crossan, a Maryville lawyer, to close a deal with Steffe for certain territory in which to sell a patent cream separator. A fourth person present at the meeting was Hyron Hubbard, who charges that he had been cheated out of \$2,000 and that Hubbard offered it in partnership with him. Routh declined and the offer was lowered

"Things Ill Gotten Are Ill Spent."

This is true of the man whose physical condition has forced him to call upon his nerves to make good the depletion of the rest of his system. The overdrawn business man is overdrawn because he lacks proper capital. The capital of the physical man is pure, wholesome, life-giving blood.

Make this capital for yourself and do not overdraw. The best blood-giving banker is Hood's Sarsaparilla. It lends and gives interest, too. You cannot beat that. If your physical bank account is low, see what this banker will do for you. It never disappoints.

Rheumatism.

A few bottles of Hood's Sarsaparilla entirely cured my sufferings from rheumatism. Later on it stopped dyspepsia from which I suffered intensely. I can eat anything now. Wm. A. Buckley, 34 Summer St., East Boston, Mass.

Borfolia.

When three months old our baby Roy was covered with itching and burning scrofula sores. The best physicians failed to relieve. Hood's Sarsaparilla saved his life as it made a permanent cure. Mrs. Lillian M. Fisk, 319 Sprague St., Chicago, Ill.

Stomach Trouble.

Two years ago I was afflicted with stomach trouble made me weak, run down, with severe headaches. Life was a burden to me until I took Hood's Sarsaparilla which cured me. It makes my children strong and healthy. Mrs. M. N. N. E. Minneapolis, Minn.

Indigestion.

I now have a good appetite, feel well, sleep well and my dyspepsia and indigestion have left me. The food I eat is digested and I feel well. I am Baggage Master on the B. & O. Railroad. Thomas Coles, 116 Carr St., Sandusky, Ohio.

Blood Poison.

A burden to me until I took Hood's Sarsaparilla. Doctor prescribed and wanted to scrape it. My grandfather gave me Hood's Sarsaparilla. After taking four bottles I threw away crutches, and went to school. CHARLES CAMPBELL, 1218 Ontario Ave., Niagara Falls, N. Y.

BEAUTIFUL WEATHER FOR CEREMONIES

At Windsor, where a general holiday is being observed, the town was decorated with flags and the church bells were rung at 11 o'clock in the morning. The weather cleared at about 11 o'clock and a serenade by the Windsor and Amesbury societies was given in the grand quadrangle of Windsor castle. The sun then shone brilliantly. The serenade was listened to by the queen and the members of the royal family, including the children of the duke and duchess of Saxe-Coburg and Gotha, the duke and duchess of Connaught, Prince and Princess Christian and Princess Henry of Battenburg. Sir Walter Parratt, the master of the queen's music and private organist to the queen, wearing his official robes, conducted the serenade from the steps of the queen's private entrance to the palace, just below the Oak room, where the queen was breakfasting. The Eton college volunteer cadets marched into the castle grounds, headed by a band of music, and took up a position in the rear of the choir. Behind the cadets were drawn up the rest of the Eton boys and the Military Knights of Windsor. The mayor and corporation of Windsor, in their full robes of office, and the borough magistrates were also present.

The scene was picturesque. They all sang the national anthem, and then the choir sang the program, comprising the hymn, "The Bishop of Wakefield's jubilee hymn, a four-part song, and two specially written madrigals "To the Queen." Finally, the Eton boys gave three lusty cheers in honor of her majesty, and the duke of Connaught came to one of the windows and thanked the present in behalf of the queen, who herself, looking to be in excellent health, came forward and bowed repeatedly.

Great Crowd at St. Paul's.

A great congregation assembled in St. Paul's cathedral this morning, where thanksgiving services were held, and huge crowds of people, unable to obtain admittance, grouped themselves in the spaces about the building.

The lord mayor of London, Sir John Voce Moore, the sheriffs, the aldermen, sword and mace bearers and all the other functionaries, in their robes of state, and the archbishop of Canterbury, Most Rev. Frederick Temple, D.D., officiated and preached the sermon, after which a Te Deum was sung.

Death Record.

Charles E. Joy, May 24.—(Special.)—Charles E. Joy died at his residence in this city last evening at 10 o'clock. Mr. Joy was 35 years of age and had been in the service of the Union Pacific railroad for the last fifteen years. He came here last October from St. Paul, Neb., and since that time he has been agent here. Two weeks ago he was seriously injured by a falling revolver, it is said, he never yet got the money on Hubbard's. Routh became suspicious and now he charges that Steffe had no territorial right to sell him. Steffe was arraigned today and held for preliminary hearing in \$700 bond.

Viscount Esher.

LONDON, May 24.—Viscount Esher, the late master of the rolls, is dead. William Balfour Esher, first Viscount Esher, was born August 13, 1815. He was solicitor general from 1870 to 1873, was justiciar of common pleas 1868-75, judge of the high court of justice, (common pleas division) 1875-76; lord justice of the court of appeals, 1876-83, and was appointed master of the rolls during the latter year. He resigned that office in October, 1897.

Gillette Enters Dental.

NEW YORK, May 24.—(Special Telegram.)—W. R. Gillette, general manager of the Mutual Life Insurance company of New York, denies in a published statement in today's Mail and Express, that his company exposed the health of the thousands of children in the limitation bill before the New York legislature. The only significance in the Mutual Life having exceeded one thousand millions of insurance in force lies in the fact that it did so before either the Equitable or the New York Life. Indignation is expressed at the insinuation respecting the course of the Mutual Life Insurance company.

WICHITA, Kan., May 24.—Secretary McKnight has received a letter from Powell Clayton, minister to Mexico, stating that he invited him to attend the Transmississippi congress, which meets here May 31, had been presented to President Diaz.

Joke on Gabriel Young.

Good-natured Gabriel Young, junior at the city jail, had a joke played upon him yesterday that came very nearly causing an alteration in the color of his hair. He was taken a long stroller and placed it beneath the trap door leading to the roof and ascended. After having watched for the little offenders while he became well acquainted with the ropes, he was taken to the roof and he would have jumped thirty feet. He called for assistance, but the echo was all the answer he received. Disgusted and somewhat frightened, he anticipated an afternoon on the roof he got up and danced around like a whirling dervish for the purpose of attracting the attention of passing pedestrians. If he had had his horn the world would have ended, as Gabriel would certainly have tumbled it. At first no one did any more than to look in his direction and wonder what the wild antics meant. He acted like a crazy man to those who did not know what was the trouble. At last he made one understand that he wanted to get down. The ladder was found and replaced so he could return to his customary occupation. Fortunately for the man who removed the ladder, Gabe was unable to learn his identity.

Macacenes Dance.

Several hundred Sir Knights and ladies attended the Macacenes grand ball given last evening in Metropolitan Hall. The affair was a distinct social success and hereafter, as an annual occurrence, it will be looked upon as one of the most enjoyable fraternal events of the season.

The ball room was decorated with flowers and insipid of the order. The Sir Knights in full uniform served as a reception committee and the appearance presented by them in company with the women made the scene an impressive one.

Before the dancing began there was an overture by the orchestra and a brief vocal entertainment by Miss Grace Crawford. Miss Crawford had a good voice and the program of sixteen dances was enjoyed by more than 100 couples. The committees in charge of the ball were as follows: Reception committee, Mrs. J. W. Smith, P. E. Burbank, C. J. Sanders, R. C. Hewitt, E. E. Edwards, E. W. Blackford, W. Meneghini, Carl Strawn, E. Messerli, J. W. Wood, F. Meneghini.

Board of Publication Reports Surplus of Nearly Twenty Thousand Dollars—McGuffey Case Set for Today.

MINNEAPOLIS, May 24.—Rev. Mead Holmes of Rochester, Ill., aged and bent, climbed up the tribune in the Presbyterian general assembly this afternoon and extracted from a worn little pocketbook a draft for \$1,000 on the Chemical National Bank of New York. He was warmly applauded and the money was handed to get, but for the Freedmen's cause he would give that draft, provided all stood by their pledges and promises, and the more than \$40,000 promised was actually delivered.

Dr. Charles Herr presented the amended report of the Freedmen's committee as to Lynch law in the south. The lurid language of the other day, which caused some excitement, gives place to this harmless paragraph:

The Freedmen's is a cause that appeals to us with particular insistence at this time, because of the terrible mob spirit in our Christian land. We join heartily with our fellow citizens and fellow Christians of all sections in their bold and determined fight against it, and we believe it is an hour for our church to pledge itself afresh in sacrifice and service to the redemption of the negro from his sufferings and his sins.

Nobody had any fault to find with these words.

"I want to ask a question," said Dr. George W. P. Birch, the "Hersey Hunter," while he was talking about the work of the Publication and Sabbath School boards. Dr. Birch said he had seen in a publishing house the other day a book which declared "Daniel is contempered by our Lord Jesus Christ to be a fable." Dr. Herr wanted no such book on the board. Judge Willson assured him that he would not get any.

Profits of Publishing Board.

This board had the right of way this afternoon. Rev. Dr. Meldrum of St. Paul, chairman of the standing committee on the board's affairs, made a highly eulogistic report, in which he called attention to many statistics previously given in his report. During the year books to a value of \$127,637.38 had been sold and \$226,750.51 had been realized from periodicals. The net profits were \$19,175.86, of which two-thirds had been placed to the credit of the Sabbath school department.

"So far as possible," recommends the report of the committee, "Presbyterian money should be spent for the spreading of the glorious gospel." This policy is in no wise inconsistent with the trust and most generous catholicity.

The twentieth century movement, which contemplates signaling the progress of the new century with the addition of 500,000 converts to the Sabbath schools, was approved. Dr. E. R. Craven, secretary, made an appeal to the assembly for help.

Rev. W. H. Hubbard, Auburn, N. Y., auditor of the old Assembly Herald, which was not to be discontinued by the new assembly on December 31, made his final report on that publication, showing that it has ceased to exist with a balance on the right side. After the report Dr. Hubbard, who feels somewhat aggrieved because the consolidation of the Assembly Herald and the Church at Home and Abroad was not given into his management, followed his report with a speech.

Then Dr. Knox of a special committee that had been appointed to examine the new Assembly Herald, presented his report and recommended that the periodical be managed hereafter by a committee of three, one member to be appointed by the foreign mission board, another by the home missions board, and the third by the six other boards.

In recognition of Dr. Hubbard's faithful services the balance was voted to him. But then Dr. Knox made a speech, in which he compared the old Herald and the new one, which did not please Dr. Hubbard.

Clash is Postponed.

The latter begged the assembly for a chance to reply and the committee insisted that it must have a chance to answer. The prospect promised a lively controversy, but it was postponed until tomorrow. The developments showed that a strong element of the Board of Publication to take charge of the official organ, and that board is averse to taking the incubus.

The committee on bills and overtures asked that it be permitted to report the McGuffey case at 2 o'clock tomorrow afternoon, instead of 10 a. m., the time previously announced. That is supposed to mean that the committee is still wrestling with the case—that the extremists are laboring to have drastic action taken with the professor who does not believe that the sacrament or the Lord's supper is of divine institution.

The Judiciary committee made the following report: Appeal of Rev. James H. Baird from synod of Pennsylvania, not sustained; trial of the complaint of Rev. Charles A. Taylor against the Illinois synod ordered; appeal of J. S. Woods of the synod of Nebraska dismissed.

Send a Message to the Queen.

After the opening prayer by the moderator this morning Rev. John M. Ingham of New York, addressing the moderator, said: "We are dwelling in a day which has marked a notable increase in the friendship between the country and Great Britain, and I would remind you that this is the 80th anniversary of Queen Victoria's birth. I therefore move that the assembly send to her majesty a commensurate congratulatory message." This motion was carried unanimously and the following message was immediately cabled to Queen Victoria:

To Her Majesty, Queen Victoria, Windsor, England: The general assembly of the Presbyterian church in America, tendering congratulations on the eightieth anniversary of your birthday and rejoicing in the divine guidance which has blessed your long and prosperous reign. ROBERT P. SAMPLE, Moderator.

WILLIAM H. ROBERTS, Stated Clerk.

Dr. Mathias L. Haines of Indiana, chairman of the foreign missions committee, read the report of his committee on the Board of Foreign Missions, which report was concurred in to the interest in foreign missions. It was recommended that the retiring members of the board be elected.

Rev. Dr. Arthur J. Brown, corresponding secretary, addressed the assembly in behalf of the board and its work.

Several missionaries addressed the assembly. Rev. Mr. McNair spoke for Japan. The mikado's kingdom, he declared, was still in the darkness of heathenism, which modern civilization has accented with its materialism. Rev. Mr. Scott Williams spoke for Mexico, where the church now has 4,000 communicants.

The elders of the church, sent sitting in assembly at Richmond, Va., replied as follows to the telegram sent them yesterday by the elders of the church north:

Replying to your salutation, we greet you as members of one body in Christ. Head Acts xv. 22, and Ephesians III, 14 to 21. May God bless you always.

The other missionaries who spoke were Mrs. Melrose from Hainan and W. H. Haddell from Brazil.

ROYAL NATAL DAY OBSERVED IN PORT TAMPA WITH ENTHUSIASM.

PORT TAMPA, Fla., May 24.—The greatest day in the history of Port Tampa, that of the celebration of Queen Victoria's birthday, opened bright and warm. At sunrise American war vessels lying in the harbor and from then on events crowded rapidly upon each other. The shipping in the harbor was gay with its dressing of flags and pennants and throughout the day the air was filled with the music of brass bands and decorations. British and American flags were floated from every point of vantage and among them were many German flags. The most striking feature of the decorations was a triumphal arch displaying the British lion and the American eagle.

Two hundred marines from the Intrepid and the Pearl, the two British cruisers sent to take part in the celebration, arrived at 8 o'clock in the morning, and were escorted up to the dock by the Tenth Regiment of the Florida naval reserves. The Englishmen playing the American national air and the Americans responding with the British anthems. Arms were presented as they passed through the arch, the singing in the harbor was heard as the steam whistles sang and the spectators cheered themselves hoarse.

The most dramatic incident of the day was the unveiling of a large portrait of Queen Victoria. The portrait, draped in the flags of the two countries, stood upon a high balcony of the inn, and before it stood a crowd of expectant watchers. At noon precisely in the capital, at Albany, N. Y., Governor Theodore Roosevelt touched an electric button, the connecting wires of which passed through the arch, the singing in the harbor was heard as the steam whistles sang and the spectators cheered themselves hoarse.

Dr. Charles Herr presented the amended report of the Freedmen's committee as to Lynch law in the south. The lurid language of the other day, which caused some excitement, gives place to this harmless paragraph:

The Freedmen's is a cause that appeals to us with particular insistence at this time, because of the terrible mob spirit in our Christian land. We join heartily with our fellow citizens and fellow Christians of all sections in their bold and determined fight against it, and we believe it is an hour for our church to pledge itself afresh in sacrifice and service to the redemption of the negro from his sufferings and his sins.

Nobody had any fault to find with these words.

"I want to ask a question," said Dr. George W. P. Birch, the "Hersey Hunter," while he was talking about the work of the Publication and Sabbath School boards. Dr. Birch said he had seen in a publishing house the other day a book which declared "Daniel is contempered by our Lord Jesus Christ to be a fable." Dr. Herr wanted no such book on the board. Judge Willson assured him that he would not get any.

Profits of Publishing Board.

This board had the right of way this afternoon. Rev. Dr. Meldrum of St. Paul, chairman of the standing committee on the board's affairs, made a highly eulogistic report, in which he called attention to many statistics previously given in his report. During the year books to a value of \$127,637.38 had been sold and \$226,750.51 had been realized from periodicals. The net profits were \$19,175.86, of which two-thirds had been placed to the credit of the Sabbath school department.

"So far as possible," recommends the report of the committee, "Presbyterian money should be spent for the spreading of the glorious gospel." This policy is in no wise inconsistent with the trust and most generous catholicity.

The twentieth century movement, which contemplates signaling the progress of the new century with the addition of 500,000 converts to the Sabbath schools, was approved. Dr. E. R. Craven, secretary, made an appeal to the assembly for help.

Rev. W. H. Hubbard, Auburn, N. Y., auditor of the old Assembly Herald, which was not to be discontinued by the new assembly on December 31, made his final report on that publication, showing that it has ceased to exist with a balance on the right side. After the report Dr. Hubbard, who feels somewhat aggrieved because the consolidation of the Assembly Herald and the Church at Home and Abroad was not given into his management, followed his report with a speech.

Then Dr. Knox of a special committee that had been appointed to examine the new Assembly Herald, presented his report and recommended that the periodical be managed hereafter by a committee of three, one member to be appointed by the foreign mission board, another by the home missions board, and the third by the six other boards.

In recognition of Dr. Hubbard's faithful services the balance was voted to him. But then Dr. Knox made a speech, in which he compared the old Herald and the new one, which did not please Dr. Hubbard.

Clash is Postponed.

The latter begged the assembly for a chance to reply and the committee insisted that it must have a chance to answer. The prospect promised a lively controversy, but it was postponed until tomorrow. The developments showed that a strong element of the Board of Publication to take charge of the official organ, and that board is averse to taking the incubus.

The committee on bills and overtures asked that it be permitted to report the McGuffey case at 2 o'clock tomorrow afternoon, instead of 10 a. m., the time previously announced. That is supposed to mean that the committee is still wrestling with the case—that the extremists are laboring to have drastic action taken with the professor who does not believe that the sacrament or the Lord's supper is of divine institution.

The Judiciary committee made the following report: Appeal of Rev. James H. Baird from synod of Pennsylvania, not sustained; trial of the complaint of Rev. Charles A. Taylor against the Illinois synod ordered; appeal of J. S. Woods of the synod of Nebraska dismissed.
